# FOREWORD

To be glad of life because it gives you the chance to love and to work and to play and to look up at the stars, to be satisfied with your possessions but not content with yourself. Until you have made the best of them, to despise nothing in the world except falsehood and to fear nothing except cowardice, to be governed by your admirations rather than by your disgusts, to covet nothing that is your neighbor's except his kindness of heart and gentleness of manners, to think seldom of your enemies, often of your friends, and every day of Christ, and to spend as you can in God's out-of-doors, these are little guide-posts on the footpath to peace.

—Van Dyke

# DEDICATION

The future works out great men's purposes;  
The present is enough for common souls,  
Who, never looking forward, are indeed  
Mere clay, wherein the footprints of their age  
Are petrified forever.

—Lowell

Lives of great men all remind us  
We can make our lives sublime,  
And, departing, leave behind us  
Footprints on the sands of time.

—Longfellow

Everything passes and vanishes;  
Everything leaves its trace;  
And often you see in a footstep  
What you could not see in a face.

—Allingham

Whose furthest footsteps never strayed  
Beyond the village of his birth  
Is but a lodger for the night  
In this wayside inn of earth.  
Tomorrow he shall take his pack,  
And set out for the ways beyond,  
On the old trail from star to star,  
An alien and a vagabond.

—Hovey

SENIOR HIGH

Congratulations to the Class of 68!

I trust that your years in Newark Senior High School have been enjoyable and rewarding. It has been the aim of your faculty and administration to plan and promote an educational program that presents the opportunity for each to realize his fullest potential.

**MR. RUDOLF KLOSSNER**

The story of the human race consists in no small part of the history of the efforts of the young to find places in the adult world.

It is my hope that the efforts of the Newark students will be guided by the fundamental principles of a progressing democracy so that as they move into adulthood they will take with them an idealism and understanding that leads young people to a worthwhile and efficient maturity.

## STUDENT COUNCIL

The feeling generated by this year's Student Government is one of organization and efficiency. The Student Government is the "hub" of School activity and is designed to be a "common link" between the student body and the administration.

The Student Council or the "upper house" is the head branch. It is comprised of a president, vice president, secretary, and boy and girl representatives, elected after a vigorous campaign. Class presidents are also a member of this branch government. The chief functions of this governmental branch are the sponsoring of all campaigns, selection of paid assemblies, granting charters to new clubs and monitoring of cafeteria lines. The American Field Service, Foster Parents Plan, and Red Cross drives are also under its direction.

The other branch of government is the Student Congress or the "lower house", headed by the Vice President of the Council and has a vice president, secretary, and homeroom representatives. The Congress coordinates the work between the house.

## MARIA CECELIA SEMINARIO

One of the most important goals of the American Field Service is to bring peace and understanding among all the nations of the world and I am positive this experience is one of the best ways to accomplish this end.

I always wanted to come to the United States because I felt a great admiration for this country. Now near the end of my year here, after living among you, I feel a great deal more. I have come to know you and when I return to Peru, I will take with me new ideas, different views, gratitude and love.

—Cecy

1. This is my father with one of his favorite horses.
2. Here I am in the hall of my home in which hangs an old Spanish painting.
3. My sister, Laurita, and I are outside our home in Peru.
4. My family has gathered for one of the last times before I left for the United States.
5. Here my two younger brothers, Carlitos and Ricardo, play outside my home as boys play all over the world.

An abstract collage featuring several large, stylized keys in various orientations. The keys are cut out of a light-colored material and are layered over a background of dark, textured geometric shapes, including a large circle and a triangle. The word "CLASSES" is printed in a bold, dark, sans-serif font across the middle of the image. In the bottom right corner, the text "K DE JOH" is partially visible.

An abstract collage artwork featuring a brown background. A large, light blue silhouette of a person is on the left, with a thick blue curved line following its arm. Another light blue silhouette is on the right. Three keys are placed across the composition: a horizontal one in the upper middle, a vertical one in the lower middle, and a horizontal one at the bottom. The top of the image has a speckled blue and white pattern. The word "SPORTS" is printed in bold black letters on a white horizontal strip.

HOWARD

Aren't we cool,  
 that's us soph.!!  
 If you're normal  
 you're rich one day  
 & poor the next. So  
 you do to college to  
 be poor all the  
 time. Anyway that's  
 life. Good luck  
 next year & be good.
